# Skyline

5 -10 working days

## Specifications & Options

23 modular units for multiple configurations Two-tone options in fabric and vinyl Chrome or white powder coated legs with other colours available on request Power and data requirements available Fully webbed seat

30kg SKY2/RB

other weights on application

Min 95% recyclable

# Skyline

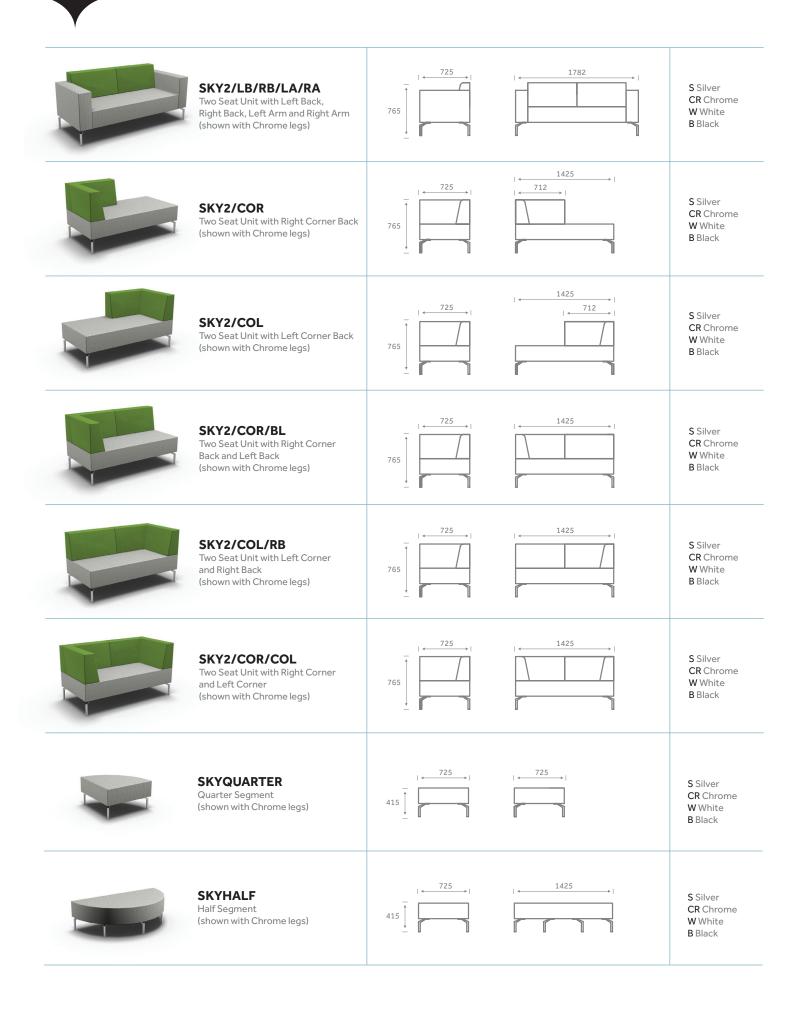

Designed by Henry Gurney

Skyline has been designed and developed to provide an intelligent planning solution for all environments. Recognising that we work in predominantly rectangular spaces, Henry drew his inspiration from the visionary design of New York City's grid plan city blocks. The use of squares and rectangles allows you to build your own configuration from the 23 different modular units. Ideal in small or large arrangements, Skyline is perfect for corporate breakout and reception areas as well as more robust educational environments.

	Dimensions (mm)	Leg options
SKY1 Single Seat (shown with Chrome legs)	415	S Silver CR Chrome W White B Black
SKY1/B Single Seat Unit with Back (shown with Chrome legs)	$ \begin{array}{c ccccccccccccccccccccccccccccccccccc$	S Silver CR Chrome W White B Black

SKY2/RB Two Seat Unit with Right Back (shown with Chrome legs)	765	S Silver CR Chrome W White B Black
SKY2/LB/RB Two Seat Unit with Left Back and Right Back (shown with Chrome legs)	765	S Silver CR Chrome W White B Black

#### Measurements

Measurements are approximate and may vary dependent on components used, which we reserve the right to change from time to time.

#### Warranty

Soft seating products are provided with a 5 year warranty details of which can be downloaded at www.oceefolio.com or www.oceedesign.com or obtained by emailing sales@oceedesign.com.

#### Maintenance

Please consult our Soft Seating Maintenance Guide at www.ocee-folio.com or www.oceedesign.com or contact sales@oceedesign for details. For specific upholstery cleaning advice please see the relevant fabric supplier's website:

#### Materials

#### Wood

All of the wood used in Ocee Design's soft seating products is sourced from managed forests. Timber supplied to Ocee Design is sourced only from countries whose governments follow statutory reforestation programmes to ensure the permanent availability of timber.

#### Foam

Soft seating products are manufactured with high quality cut Combustion Modified High Resilience Polyurethane Flexible Foam.

#### Webbing

Ocee Design use superior quality webbing in soft seating products.

#### Adhesives

Ocee Design aim to ensure that all adhesives used are water based and bio-degradable.

#### Metal powder coating

Powder coated frames and legs are treated with a paint classified as not dangerous according to directive 1999/45/EC - nothing in the paint is classified as hazardous to health or to the environment.

#### Quality and Craftsmanship

All Ocee Design chairs are built to the highest possible standards of quality and craftsmanship. Ocee Design are full members of the Furniture Industry Research Association, and all of our products are designed and manufactured under ISO9001.

Ocee Design products generally meet the following standards: BS EN 1021:1 1994 Fabric flammability (cigarette test) BS EN 1021:2 1994 Fabric flammability (match test) BS 7176: 1995 Fabric flammability low hazard BS 5852: 1990\* Flammability ignition source 5 Flexible form CMHR foam flammability \*Dependant upon use of specific fabrics

#### **Environmental**

The operations carried out at Ocee Design are not considered to adversely impact on the environment, but nevertheless we have incorporated environmental protection procedures into our working practices. The Company plans, conducts and monitors its operations using the best practicable means to protect the environment from impairment. The Company has empathy with environmental issues and constantly strives to improve its operational policies. For full details of our Environmental Policy and R4 Charter to Reduce, Reuse, Refurbish and Recycle, please visit our website www.oceefolio.com or www.oceedesign.com.

The steps we take to remain at the forefront of environmentally friendly manufacturing and to provide customers with an assured, ethical source of supply are all described in our Environmental Policy.

Ocee Design is a member of the British Contract Furniture Association (BCFA) and Furniture Industry Research Association (FIRA), having achieved full accreditation under the Furniture Industry Sustainability Programme (FISP). We are a quality assured organisation accredited to both ISO 9001 and ISO14001.

#### Recycling and Refurbishment programme

We are proud to offer customers the option of having old chairs professionally refurbished or disposed of in a sustainable and environmentally friendly manner. We work with partner organisations to support initiatives that enable old chairs to be reused by schools, charities and community groups.

### Separation/recycling of individual parts

Separate the chairs into parts. None of the parts in a chair can cause damage to health or the environment.

All metal parts can be disposed of and recycled by an approved environment and raw materials organisation.

Wooden materials can be recycled.

Foam can be recycled and crumbed for use in new foam products.

#### Testing

Testing certificates and reports are available on request from sales@oceedesign.com
