

Breeze Meeting Chair

The VX6 BR blends the practicality of an ergonomic task chair with modern boardroom style. The anatomically curved backrest sits upright and captures natural spinal curvature, supporting your lumbar region in upright and reclining positions.

Continuous flowing movement of the Synchro mechanism, encourages healthy sitting and lessens pressure to the thighs and lower spine. Adjustable 3D armrests are integrated into the back frame and move with the user.

Features

- Synchro Mechanism with 3 position lock
- Flexing lumbar support
- Height adjustable moulded foam lumbar support
- 3D Armrests
- High density moulded foam
- 60mm soft compound castors
